Are all profile components present?	
Yes	
O No	
Academic Performance - Are all components present? If not, please explain. Title I will review all purposes	of
all correlates.	
Yes	
O No	
Academic Performance - Indian Education for All and American Indian Achievement:	
☐ District/School indicated not applicable; however Indian Education for All is applicable for all students/schools/districts	
Satisfactory answer	
Response does not address the question	
Answer is too general / Please be more specific or expand upon your answer	
Answer does not address Indian Education for All	
To discuss professional development plans or opportunities for Indian Education for All or Indian student achievement, contact the OPI Indian Education Division	dent
Efficiency - Are all components present?	
Yes	
O No	

Respondent 754 Submit date: May 4, 2010 E-mail address:

⊏ffi₀	iency - Indian Education for All and American Indian Achievement:
	•
	District/School indicated not applicable; however Indian Education for All is applicable for all students/schools/districts
<b>~</b>	Satisfactory answer
	Response does not address the question
	Answer is too general / Please be more specific or expand upon your answer
	Answer does not address Indian Education for All
	To discuss professional development plans or opportunities for Indian Education for All or Indian student achievement, contact the OPI Indian Education Division
Lear	ning Environment - Are all components present?
•	Yes
0	No
Lear	ning Environment - Indian Education for All and American Indian Achievement:
	District/School indicated not applicable; however Indian Education for All is applicable for all students/schools/districts
<b>~</b>	Satisfactory answer
	Response does not address the question
	Answer is too general / Please be more specific or expand upon your answer
	Answer does not address Indian Education for All
	To discuss professional development plans or opportunities for Indian Education for All or Indian student achievement, contact the OPI Indian Education Division
Math	nematics - Are all components present?
•	Yes
0	No
Math	nematics - Goals:
	Goal(s) address specific math standard(s): Number Sense and Operation, Data Analysis, Geometric Reasoning, Algebraic and Functional Reasoning.
<b>~</b>	Goals are data driven.
	Goal(s) is too general (doesn't include number of students or to what level of improvement).
	Mathematic goal lacks specificity, what grade levels are targeted
	Mathematics goal is not measurable as stated

Measurable objective clearly articulates the relationship to school/district goals.   Measurable objective contains necessary components for all levels of system (students, teachers, leaders).   Measurable objective develops/demonstrates a strong relationship to school/district goals and focuses on meaningful school improvement issues.   Measurable objective effectively supports focused, meaningful continuous school improvement.   Multiple tools are listed to gather data for measurable objectives.    Mathematics - Professional Development:	Matl	nematics - Measurable Objectives:
leaders ).  Measurable objective develops/demonstrates a strong relationship to school/district goals and focuses on meaningful school improvement issues.  Measurable objective effectively supports focused, meaningful continuous school improvement.  Multiple tools are listed to gather data for measurable objectives.  Mathematics - Professional Development:  Ongoing and sustainable professional development is evident.  Needs assessment drives professional development is evident.  Pollow-up plan is included for continued professional development throughout the year.  Topics or content of professional development matches goal and strategies.  Commitment to plan and its components is evident.  The implementation of new resources (math program, curriculum, and/or textbook/materials) is supported by professional development for the impacted staff throughout the year.  Evaluation of the student data is used to assess the impact of professional development.  Mathematics professional development goal is unclear and/or lacks specificity.  Mathematics professional development goal does not support stated goal.  Reading - Are all components present?  Yes  No  Reading goal is unrealistic for a school year.  Reading goal lacks specificity, what grade levels are targeted?  Reading goal is not measurable as stated.  Reading - Measurable objective does not clearly articulate the relationship to school/district goals.  Measurable objective does not clearly articulate the relationship to school/district goals and focuses on meaningful school improvement issues.		Measurable objective clearly articulates the relationship to school/district goals.
on meaningful school improvement issues.  Measurable objective effectively supports focused, meaningful continuous school improvement.  Multiple tools are listed to gather data for measurable objectives.  Mathematics - Professional Development:  Ongoing and sustainable professional development is evident.  Needs assessment drives professional development is evident.  Follow-up plan is included for continued professional development throughout the year.  Topics or content of professional development matches goal and strategies.  Commitment to plan and its components is evident.  The implementation of new resources (math program, curriculum, and/or textbook/materials) is supported by professional development for the impacted staff throughout the year.  Evaluation of the student data is used to assess the impact of professional development.  Mathematics professional development goal is unclear and/or lacks specificity.  Mathematics professional development goal does not support stated goal.  Reading - Are all components present?  Yes  No  Reading goal based on CRT data.  Reading goal is unrealistic for a school year.  Reading goal lacks specificity, what grade levels are targeted?  Reading goal is not measurable as stated.  Reading - Measurable Objectives:  Measurable objective does not clearly articulate the relationship to school/district goals.  Measurable objective develops/demonstrates a strong relationship to school/district goals and focuses on meaningful school improvement issues.		
Mathematics - Professional Development:  Ongoing and sustainable professional development is evident.  Needs assessment drives professional development is evident.  Pollow-up plan is included for continued professional development throughout the year.  Topics or content of professional development matches goal and strategies.  Commitment to plan and its components is evident.  The implementation of new resources (math program, curriculum, and/or textbook/materials) is supported by professional development for the impacted staff throughout the year.  Evaluation of the student data is used to assess the impact of professional development.  Mathematics professional development goal is unclear and/or lacks specificity.  Mathematics professional development goal does not support stated goal.  Reading - Are all components present?  Yes  No  Reading goal based on CRT data.  Reading goal is unrealistic for a school year.  Reading goal is unrealistic for a school year.  Reading goal is not measurable as stated.  Reading one Measurable Objectives:  Measurable objective not included in the plan.  Measurable objective does not clearly articulate the relationship to school/district goals.  Measurable objective contains all necessary components.  Measurable objective develops/demonstrates a strong relationship to school/district goals and focuses on meaningful school improvement issues.	<b>✓</b>	
Mathematics - Professional Development:  Ongoing and sustainable professional development is evident.  Needs assessment drives professional development.  Follow-up plan is included for continued professional development throughout the year.  Topics or content of professional development matches goal and strategies.  Commitment to plan and its components is evident.  The implementation of new resources (math program, curriculum, and/or textbook/materials) is supported by professional development for the impacted staff throughout the year.  Evaluation of the student data is used to assess the impact of professional development.  Mathematics professional development goal is unclear and/or lacks specificity. Measurable objective develops/demonstrates a strong relationship to school/district goals and focuses on meaningful school improvement issues.		Measurable objective does not clearly articulate the relationship to school/district goals.
on meaningful school improvement issues.	<b>~</b>	Measurable objective contains all necessary components.
☐ Measurable objective effectively supports focused, meaningful continuous school improvement.		

Rea	ding - Identified Strategies:			
	Identified strategies are focused on standards based instruction and resources.			
	Identified strategies to reach reading goal are focused and clear.			
	Identified strategies to reach reading goal are not based on data.			
	Identified strategies are generalized.			
	Identified strategies (or Professional development) to reach reading goal lack specific connection to student achievement in reading.			
<b>~</b>	Identified strategies support reading goal.			
	Consider multiple sources of measurement to collect reading achievement data.			
Curr	iculum Development - Are all components present?			
•	Yes			
0	No			
Curr	iculum Development: (District)			
	Curriculum development goal is measurable.			
	Curriculum development goal is not measurable.			
	Curriculum development goal based on consortium revision cycle.			
	Measurable objective not included in the report.			
	Measurable objective does not clearly articulate the relationship to school/district goals.			
~	Measurable objective contains all necessary components.			
	Measurable objective develops/demonstrates a strong relationship to school/district goals and focuses on meaningful school improvement issues.			
	Measurable objective effectively supports focused, meaningful continuous school improvement.			
	The communication arts standards were revised in 2010, consider that in curriculum review.
